

ANISHA FARVEEN D

React Native & Full Stack Developer

Avarampalayam, Coimbatore • 81110 98587 • anishaad8@gmail.com

LinkedIn: <https://www.linkedin.com/in/anishafarveendevloper/>

SUMMARY

Aspiring Full Stack and Mobile Application Developer with hands-on experience in building web and mobile applications using React.js, React Native, TypeScript, PHP, and MySQL. Experienced in developing real-time systems using Node.js, Socket.IO, and Agora SDK for chat and audio/video communication. Passionate about building scalable applications and solving real-world problems through modern web and mobile technologies.

WORK EXPERIENCE

Web Developer Intern

20/01/2026 – 02/05/2026

El Codamics, Coimbatore

- Developed and maintained real-time web and mobile applications using React.js, React Native, TypeScript, PHP, and MySQL.
- Built a Property Scanner mobile application enabling property registration with camera image capture, QR code generation, and QR-based property verification.
- Implemented real-time communication features including chat messaging using Node.js and Socket.IO, and integrated Agora SDK for audio and video calling functionality.
- Worked on document management systems including Docx Editor modules for creating and editing structured documents within web applications.
- Designed responsive and user-friendly interfaces using React.js, Tailwind CSS, and Material UI while collaborating with team members to debug issues and optimize application performance.

Web Developer Intern

27/01/2025 - 11/02/2025

Accent Techno Soft (ATS), Coimbatore

- Assisted in developing user-friendly web interfaces and features using HTML and CSS.
 - Supported the development team in implementing UI components and improving website usability.
-

PROJECTS

1. Property Scanner Mobile Application

Developed a real-time property management mobile application using React Native (TypeScript) and Expo.

Key Features:

- Property registration with camera image capture
- QR code generation for property verification
- QR scanning to view property details
- Real-time chat messaging using Node.js and Socket.IO
- Audio and video calling integration using Agora SDK
- Backend APIs built using PHP and MySQL

Technologies Used: React Native, TypeScript, Expo, Tailwind CSS, PHP, MySQL, Node.js, Socket.IO, Agora SDK

2. Ride Booking System (Ola Clone)

- Developed a full-stack ride booking application with separate **Driver and Passenger apps**
- Integrated **OpenStreetMap (OSM)** for live location tracking, route display, and navigation.
- Built features like **ride booking, driver matching, OTP verification, and trip tracking**.
- Designed **fare calculation system based on distance and time**.
- Enabled **real-time payment status sync between passenger and driver apps**

- Developed backend APIs using **Node.js / PHP / MySQL** for booking, authentication, and ride management
- Ensured responsive UI for mobile devices using **React Native**

3. Multi-Tenant Business Website Builder

- Developed a dynamic multi-tenant business website platform supporting custom website creation for multiple clients.
- Implemented dynamic routing system using unique URL-based website access.
- Built admin dashboards for both super admin and client-level website management.
- Added theme customization, subscription expiry management, and automated website activation/inactivation features.
- Developed secure authentication system using JWT and password hashing.
- Created dynamic CMS features allowing clients to edit website content and settings.

SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Material UI.
- **Mobile App Development:** React Native, TypeScript, Expo.
- **Backend Development:** PHP, Node.js, REST APIs.
- **Database:** MySQL.
- **Real-Time Technologies:** Socket.IO, Agora SDK.
- **Programming Skills:** Python, Java (Familiar).
- **Soft Skills:** Problem-solving, Quick Learner, Team Collaboration, Adaptability.
- **Tools:** Git, GitHub, VS Code.

EDUCATION

Bachelor of Technology in Information Technology

2022 - 2026

Nehru Institute of Engineering and Technology

- Current GPA: 8 CGPA
- Expected Graduation: May 2026

Higher Secondary Certificate (HSC)

2021 - 2022

Raj Matriculation Higher Secondary School, Tamil Nadu, India

- Marks Obtained: 80%

SSLC

2019 - 2020

Raj Matriculation Higher Secondary School, Tamil Nadu, India

- Marks Obtained: 80%

CERTIFICATIONS

- HTML Training - IIT Bombay, Naan Mudhalvan, Anna University.
- Python, Artificial Intelligence & Machine Learning - Great Learning.
- Data Science – Wipro TalentNext Digital Skills Program

WORKSHOPS & WEBINARS

- Machine Learning - NIET (1 Day, 2024)
 - Artificial Intelligence & Data Science - NIET (5 Days, 2024)
-
